<b>Part Used</b>	2 x Apeks 2nd stage kits	1 x Apeks 1st stage kit	
	02 Grease		
<b>Comments</b>			

### IMPORTANT PLEASE READ

**We strongly recommend you test serviced equipment in a safe confined water such as a swimming pool prior to use in Open Water**

We have no facility to wet test regulators, most manufacturers suggest you perform a vacuum test prior to use, in addition to any normal equipment checks. We will not replace items that are not in a standard service kit without your prior permission. All work is warranted for 3 months, if tamper proof paint seals are unbroken. Some valves may require a slight adjustment after 2-3 weeks of use. If you feel that your valve has bedded in slightly loose or tight, please return the valve and we will adjust it free of charge, usually while you wait.

<b>Service Date</b>	24-Oct-17	<b>Technician</b>	
			(P M Dowding)
		<b>Service Kits</b>	£45.00
		<b>Labour</b>	£25.00
